P-touch E110

Create labels in various colour combinations and widths that last for many years with this professional label printer. With dedicated functions to make common labelling tasks quick and easy, and with everything supplied in a hard carry case, the PT-E110 is an invaluable tool for electricians and other professional trades.

Fast 20mm / second print speed
Gets the job done quickly by printing each label in just a few seconds.

Cable wrap
Identify cables quickly with easy-to-read labels.

Cable flag
Select your cable diameter to print the correct length of label.

Dedicated number keypad
Speeds up the input of numeric labels.

Graphic display
Easily view symbols and preview your label before printing.

Face plate
Label socket outlets, network points and telephone extension faceplates for quick identification.

Sequential numbering
Print labels containing a sequence of numbers or letters.

200 built-in symbols
Includes common electrical, datacom, AV, security and safety symbols.

P-touch laminated labels – designed to last

Brother P-touch laminated TZe tapes are available in many different colours and sizes. The thermal transfer ink is sandwiched between two protective layers of PET (polyester film), protecting the text against the effects of liquids, abrasion, temperature, chemicals and sunlight. As the labels have been tested to the extreme, you can be confident of a professional quality label that has been designed to last.
